

Introducing the Spiro X1

The new headphone "wire" of the 21st century

picture of device

(later to be on Kickstarter video)

Subscribe to mailing list → emailchimp

The headphone wire was broken.
we fixed it.

Spiro X1 plugged into headphone

How does it work? How does it work?

image headset
wire being
pulled out

1. Pull out ^{your} ~~head~~ headphone wire

image
Spiro X1 being
plugged into
headset

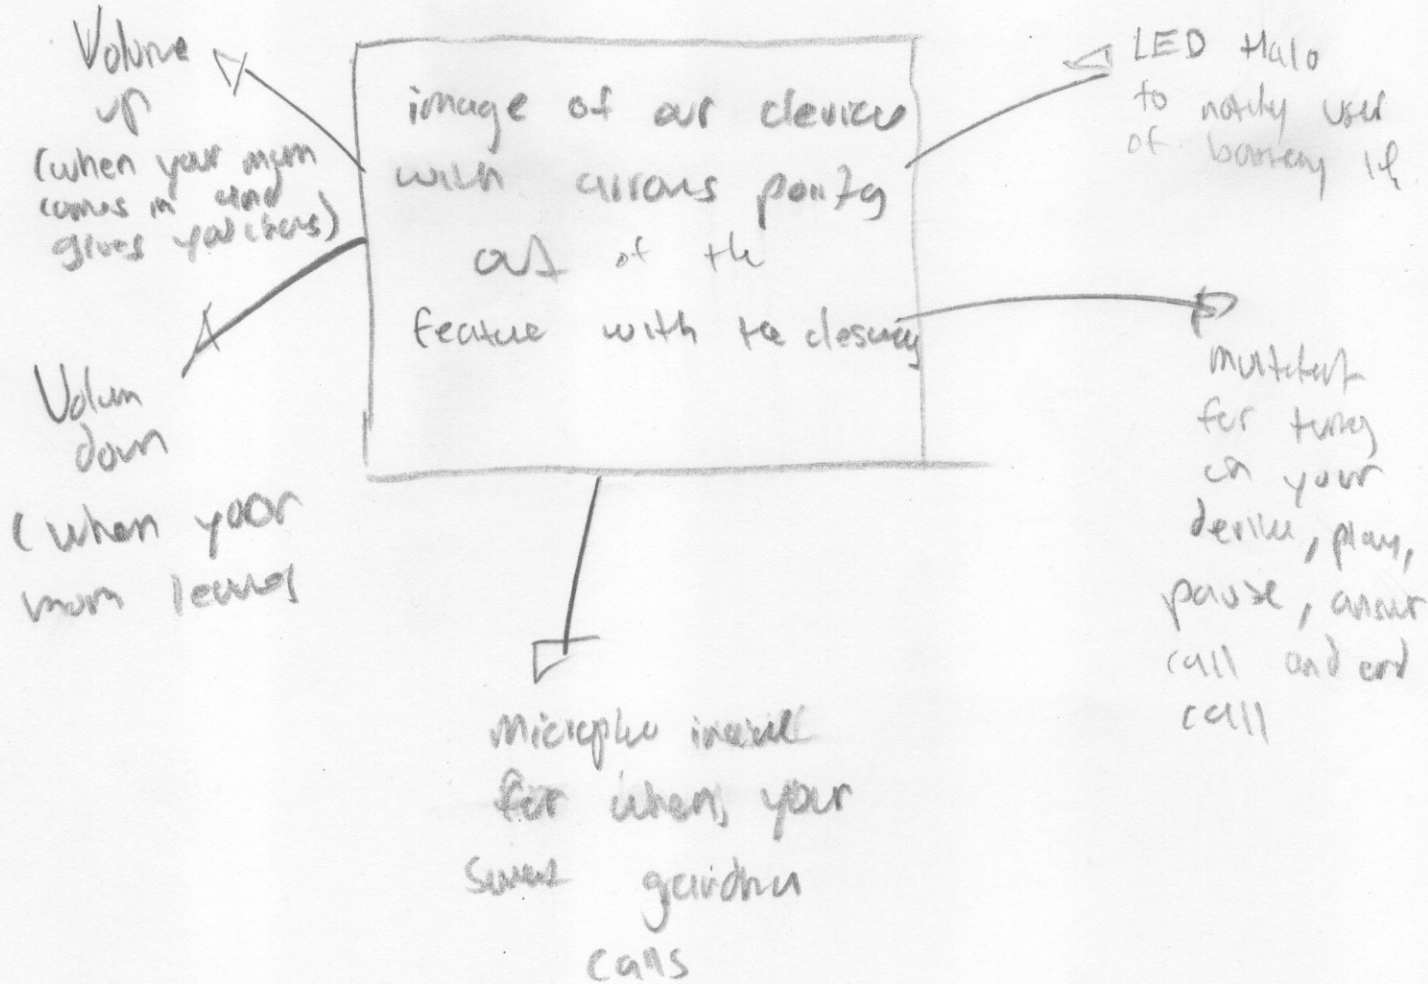

2. Plug in the your Spiro X1

image of
iphone
bluetooth
screen

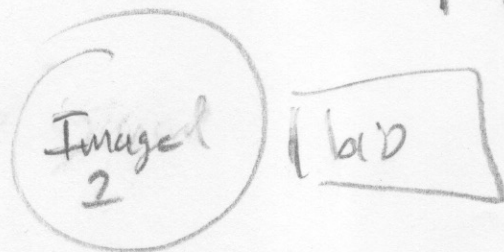

3. Pair your Spiro X1 with
your iphone or android.

It's that easy!

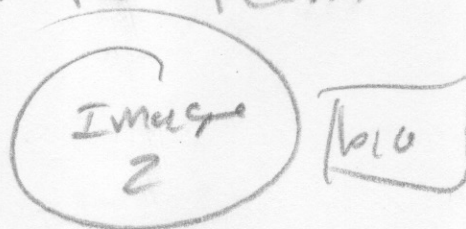

Did we mention the sponso X1 has tons of cool features
